

ARMOUR PRESENTS PLAN TO MERGE PACKING HOUSES

Proposal Made to Daugherty and Sec- retary Wallace

(By The Associated Press)
WASHINGTON, Nov. 15.—J. Edgar Armour, head of Armour & Co., presented today to Attorney General Daugherty and Secretary Wallace of the department of agriculture a proposal for merging thru purchase the physical assets of another of the "Big Five" national packing houses with Armour & Co.

Mr. Armour tonight likewise declined to make any statement except that he intended to remain in Washington for another day. It was assumed that a desire to determine the legality of such a merger in advance of taking any steps to complete it had led to the constitution. Secretary Wallace, after his conference with Mr. Armour and several associates issued statements saying he had expressed no opinion upon the Armour plan and it was indicated that Attorney General Daugherty likewise had withheld decision, although immediate consideration was promised for it.

In his statement, Mr. Wallace said: "Under the packers and stockyards act, it is unlawful for any packer to engage in any course of business or do any act for the purpose, or with the effect of manipulating or controlling prices in commerce or of creating a monopoly in the acquisition of buying, selling or dealing in, any article of commerce, or of restraining competition."

"Section 6 of the federal trade commission act provides that the commission shall also have power to gather and compile information concerning and to investigate from time to time the organization, business, conduct, practices and management of any corporation engaged in commerce, excepting banks and common carriers subject to the act to regulate commerce and its relation to other corporations and to individuals, associations and partnerships. This part of the federal trade commission act is by reference made a part of section 402 of the packers and stockyards act."

Expresses no Opinion.

"The secretary has not expressed an opinion as to whether the buying out of one packing concern by another would be in contravention of the packers and stockyards act."

Similar approaches have been made to the government recently by heads of independent steel corporations contemplating merger, but Mr. Wallace's statement indicated that the packing industry because of the existence of special legislation providing its specific regulation by the federal government stood in a different position.

There is said to have been considerable discussion within the industry since the passage of these laws after a long period of agitation backed by farm organizations developing the suggestion that consolidations among the "Big Five" might be advantageous in a business way and at the same time open to no public objection. Negotiations were understood to have reached the stage where officials of national farm organizations have been asked to say whether such consolidations, considering the degree of government control already in the field, would be regarded as hostile by other components of the livestock industry.

Mr. Armour's visit was understood to have resulted, not only from a desire to take all precautions against possible government interference later, but also from the general policy of the packers to keep the government informed of all new developments in the field.

A similar course was followed two years ago when the packing companies after investigation had been instituted by voluntary agreement undertook to divest themselves of stock-yard ownership and to refrain from operating in industries unrelated to meat packing.

MEMBERSHIP IN UNION WILL NOT DISQUALIFY JUROR

Judge Hartwell so Rules in Herrin Slaying Trial at Marion

(By The Associated Press)
MARION, Ill., Nov. 15.—More membership in the miners' union is not sufficient cause to disqualify any person from jury service even tho he may be contributor to the defense in the trial of five men charged with murder in connection with the Herrin mine killings. Judge D. T. Hartwell of Willamson county circuit court ruled today.

The ruling followed the acceptance by the state of a coal mine as a juror and the acceptance of the first panel of four jurors by both the defense and state. The other three members accepted by both sides are farmers, and all of the four have announced themselves in favor of the death penalty where the evidence was warranted.

Judge Hartwell said that any person who was found to have an actual interest in the case should be removed. His ruling followed the raising of the question thru the effort of state's attorney duty to excuse a miner, Amos Anderson, of Marion. Anderson, answering questions of the prosecution said there had been a one percent increase in his checkoff recently, but that he had made no inquiry as to the purpose of the increase.

The state raised two issues on the question, one of which that jurors should be challenged for cause if they were members of the United Mine Workers now at the time of the riots last June, or were contributing to the defense by a checkoff. The other point was that jurors should be excused for cause if they lived in the county previous to the riots and knew that trouble was imminent.

WOMEN ARRESTED FOR PICKETING ARE RELEASED

Mrs. Muriel MacSwiney and Companions are Given Freedom

WASHINGTON, Nov. 15.—Complained Status Commission-McDonald against Mrs. Muriel MacSwiney and eight other women who were arrested yesterday on charges involving their picketing the British embassy in protest against the detention of Miss Mary MacSwiney, sister-in-law of Mrs. MacSwiney.

In discharging the prisoners after a hearing of nearly three hours the commissioner said he did not feel that the proof in the case measures up to the intent of the law.

When arraigned, Mrs. MacSwiney, who is the widow of Terence MacSwiney, the late lord mayor of Cork who died in prison in 1920 after a hunger strike and the others pleaded not guilty to the charge of violating a federal statute designed to protect foreign representatives in this country from assault or violence. The charges resulted from their marching around the British embassy with banners decrying the "English free state" in Ireland and demanding the release from an Irish free state prison of Miss Mary MacSwiney, sister of the late lord mayor, who is on a hunger strike in a Dublin prison.

THIS JUDGE HARD ON RECKLESS DRIVERS

(By The Associated Press)
DETROIT, Mich., Nov. 15.—Judge Charles L. Bartlett of Recorder's court who has imprisoned several hundred reckless motorists here during the past year sentenced 28 persons today then escorted them to the receiving hospital where the motorists were taken thru a ward occupied by children and adults suffering from injuries received in traffic accidents. The sight of the victims of reckless driving, Judge Bartlett said he believed would have a sobering influence on those convicted.

Judge Bartlett was re-elected recently. Regarding his successful campaign as an endorsement of his severe dealing with careless drivers, he announced today as he began his second term that the length of jail sentences and the amounts of fines hereafter would be governed by the individual case.

ENDORSE IMPARTING OF SEX KNOWLEDGE IN PUBLIC SCHOOLS

Illinois League Women Voters Goes on Record at Chicago

(By The Associated Press)
CHICAGO, Nov. 15.—The Illinois League of Women voters today endorsed the imparting of sex knowledge in the public schools but specified that such instruction should be given by persons fully unable to impart such knowledge and that there be special work for each grade of school.

Mrs. Henry W. Cheney, retiring president, asserted she believed citizenship education eventually will be one of the requirements for matriculation into college while two schools in citizenship, one at Northwestern and the other at University of Chicago, to train women in citizenship will be conducted under the auspices of the league, it was said.

Proposed legislative measures offered today and which will be voted on tomorrow by the league include the following:

Removal of legal disability of husbands and wives to testify for or against each other, health certificates to be required as a prerequisite of marriage, minimum age of consent 18 years; eligibility of women for jury service with exemptions for mothers of young children in addition to the usual exemptions, women voters to be given equal representation at all party conventions and on all partisan committees and boards elected by the voters; just civil service laws for the state and all its political divisions and municipalities now under the spoils system and improvement of existing laws to provide a strict merit system of appointments and promotion without regard to sex, disapproval of blanket legislation on the foregoing. It was also recommended that the national body replace on its program a provision for one half interest and control by each spouse of all property acquired after marriage by either or both spouses with power in each spouse to devise and bequeath one half interest in this property.

UNION OFFICIALS WANT TO GET OUT

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 15.—The application for pardon of Edward E. Graves, national president of the Upholsters Union and Royal Hull, Chicago business agent of the union, was heard today by the state board of pardons. The men were convicted of slugging in the upholstery strike in Chicago in 1919.

Oscar E. Carlstrom of Alton represented the petitioners, while Edward Raber, former assistant state's attorney of Cook county and William Taylor, representing the Illinois Manufacturers' association resisted the petition.

Both the appellate and supreme courts have sustained the verdict.

Graves and Hull have not yet started serving their sentences.

Governor Small received over a hundred telegrams today asking him to deny the pardon. The board of pardons, after an all day hearing, took the petition under advisement.

ST. LOUIS BRANCH IS "OUT OF HARMONY"

(By The Associated Press)
ST. LOUIS, Mo., Nov. 15.—The St. Louis branch of the American Association for the Recognition of the Irish Republic representing a membership of 4,000 has withdrawn from the national body, it was announced this afternoon. The national body was said was supporting Eamonn DeValera and the local branch is "out of harmony" with the national organization. The local branch will re-organize under the name of American Friends of Ireland.

COURT AWARDS BABY TO MOTHER

Chicago, Nov. 15.—A four months old baby held by the grand parents as a hostage for unpaid bills, was awarded to the mother today by Judge Joseph Sabath.

"A baby belongs to its mother," he said. "It can't be held for a debt, like a piece of property."

The grand parents claimed that the mother, Mrs. Evelyn Glowe, owed them for the baby's clothes and doctor bills when the child was born.

Riga, Latvia, Nov. 15.—Illador,

the "mysterious monk" of Russia, has received an American visa to his passport and will sail for New York today. Illador was arrested here by the Latvian authorities in July, while on his way to the United States to preach against bolshevism. He said he desired to buy a farm and settle in the United States, where he could carry on his literary work.

Plan Navigable Illinois Waterway

(By The Associated Press)
BEARDSTOWN, Ill., Nov. 15.—Creation of a navigable waterway nine feet deep from the Great Lakes down the Illinois Valley to the Mississippi river is a project which will be placed before congress this winter by United States Senator Medill McCormick, it was disclosed at a meeting of 200 waterway boosters here tonight.

The proposed legislation includes the following four salient elements:

Appropriation of \$2,742,760 for the use of the secretary of war in improving the Illinois River from Utica to Cairo.

Division of 10,000 cubic feet of water per second from Lake Michigan for the Chicago sanitary district.

Dismantling of a dam in the St. Clair river at the outlet of Lake Huron for the purpose of impounding enough water to prevent the lowering of Lake Michigan by the withdrawal of the 10,000 cubic feet of water a second.

At the same time it was announced that Governor Small intends in the near future to let additional contracts for the construction of the Illinois Deepwaterway south of the locks at Marseilles.

These were important results of the conference gathered here at the instance of the Illinois Deepwaterway Commission attended by members of the commission.

DISCOVERY MAY POINT THE WAY TO LONGEVITY

Dr. Alexis Carrel Lays Result of Research Be- fore Scientists

(By The Associated Press)
NEW YORK, Nov. 15.—Discovery of the tissue building activities of the white blood corpuscles believed by scientists to point the way to the indefinite prolongation of human life, was outlined today by Dr. Alexis Carrel of the Rockefeller Institute in an address before the national academy of scientists.

Dr. Carrel's statements were taken by many prominent scientists in his audience to indicate that the secret of longevity might be found thru the discovery of a means of stimulating the activity of these corpuscles.

Dr. Carrel described the work of the Leucocytes or white blood corpuscles, which experiments had shown, he said, protected the body against infection and also stimulated the growth of new tissue and the regeneration of dormant cells.

He told of his experiments with animals which had indicated that the white blood corpuscles stimulated the growth of new tissue by setting free growth active substances in the tissue.

He pointed out that in extreme old age, new tissue grew to heal wounds and broken bones.

WILL IMMEDIATELY CHECK UP RETURNS

(By The Associated Press)
ATLANTA, Ga., Nov. 15.—In order that Senator-elect Walter F. George may receive his commission and be sworn in when the extra session of congress convenes next Monday at Washington Governor Hardwick today called an immediate session of the state board of election canvassers to check up the returns from the November 7, election.

Returns from 14 counties are still to come in, it was learned at the state capital and it was on the basis of these that friends of Mrs. W. H. Felton, an interim senatorial appointee, based their hopes of having the Georgia woman become the first of her sex to occupy a seat in the senate.

ALTON EMPLOYEES TALK ONE BIG UNION

Bloomington, Ill., Nov. 15.—Members of the Shoptmen's Federation of Bloomington discussed the advisability for one big union of Chicago & Alton railroad employes at a mass meeting here which lasted into the early hours today. It had been proposed that engineers, firemen, switchmen, shoptmen and all other groups form into one organization.

Sentiment was varied on the plan and no decision was reached.

STRAWBERRIES RIPE UP WISCONSIN WAY

Eau Claire, Wis., Nov. 15.—J. Weaver, a farmer living five miles west of here, picked several quarts of luscious strawberries on his farm today and brought them to town. Mr. Weaver reported thousands of plants are in blossom. That this is a sure harbinger of an open winter is the verdict of local weather prognosticators.

Springfield, Ill., Nov. 15.—Construction of a reservoir near Galesburg and a pipe line into Galesburg by the C. B. and Q. railroad was authorized today by the Illinois Commerce commission.

BRIEFS

(By The Associated Press)
Des Moines, Nov. 15.—Col. Smith W. Brockhart, "Republican" successful candidate for U. S. Senator at the November 7 election, filed his campaign expense account with Secretary of State Reasby this afternoon. It shows that his campaign cost him \$835.74.

New York, Nov. 15.—J. P. Morgan and Co., acting as fiscal agents for the British government today paid to the New York Federal Reserve bank \$50,000,000 on account of interest due this country on the war debt.

Chicago, Nov. 15.—The Farmers' National Grain Dealers' association has endorsed the Great Lakes-St. Lawrence waterway, it was announced today at the organization's conference here.

The delegates have under discussion terminal marketing and proposals for farmers elevators at shipping points. Under present conditions, many delegates said grain elevators should be bonded and under national or state supervision.

Springfield, Ill., Nov. 15.—Geo. B. Shaw, editor of the Dixon Telegraph, today was appointed superintendent of reports by Governor Grewe, who is now directing the publicity campaign for the new state constitution.

Lincoln, Ill., Nov. 15.—John Park, a barber, passing the Lincoln gasoline filling station early this morning, saw the furniture, which was piled in the middle of the floor, move in a mysterious way. Removing the furniture, he pulled Henry Bertsche, the night watchman from the basement, where he had been thrown by robbers. The robbers had pilfered the furniture over the trap door. Bertsche was attempting to open it. They took \$75 from the safe.

Dixon, Ill., Nov. 15.—Judge Harry Edwards, in the Lee county circuit court today held an unconstitutional section of the Illinois motor vehicle act which makes it a felony to have possession of an automobile, the engine numbers of which have been changed. He quashed counts of indictments returned against V. J. O'Gorek of this city on that charge, but held O'Gorek to trial on other counts of indictments charging him with the theft of several automobiles. O'Gorek is alleged to have been a leader in a gang of auto thieves operating in Dixon and Eureka.

Springfield, Ill., Nov. 15.—Local passenger service on the B. & O. railroad between Florio, Alton, Pana, Taylorville, Springfield, Beardstown and between Shawneetown and Florio, taken off during the recent strikes, was ordered restored by the Illinois Commerce commission.

Springfield, Ill., Nov. 15.—The petition of citizens of Leroy and Farmer City to have the Big Four operate local trains between Champaign and Bloomington serving intermediate points was dismissed today by the Illinois Commerce commission.

Chicago, Nov. 15.—Mayor John F. Hylan of New York, here for a short rest, saw party lines being effaced and prophesied that a new third party will be in the field in 1924 unless the republicans nominate a man like Hiram Johnson or the democrats a candidate like William Randolph Hearst for president.

GENERAL RESULT OF ELECTION IS NOT YET KNOWN

Conservatives Lead- ing in Results That are Available

(By The Associated Press)
LONDON, Nov. 15.—With less than 150 returns reported at 1 o'clock this (Thursday) morning it is impossible to state accurately the general result of the parliamentary elections. Only tendencies can be gleaned from the results so far ascertained and these are tendencies of the voters in the cities, because nearly all the votes counted are from London and other cities of the Kingdom.

Late today (Thursday) the votes from all the country districts will be counted and they may show drifts in other directions.

There has been no great surprise. The conservatives are leading all the other parties combined. The labor members elected thus far are less than half the number of conservatives but more than both sections of the liberal party.

The returns are regarded by students of politics as a fair gauge of labor's strength as compared with the other parties. Great gains by labor in the country districts are not expected.

The liberals are doing better than was expected. The combined factions of the liberal party, which may decide to work together in the next house bid to exceed 120, unless the country voters turn in unexpected directions.

Comparatively few of the party leaders were among those whose fate was decided tonight. Former Premier Asquith was elected by a narrow margin.

One surprise on the bulletin boards was the election of a liberal for Oxford wherein in both town and university the liberals have been in the wilderness for many years.

Lady Astor comes back to the house of commons despite the strong campaign made against her because of her attitude on the liquor question. She had practically the same support she commanded in the first election.

The other women candidates have been unsuccessful up to this hour but that was among the events foreseen.

BRECKENRIDGE, TEXAS IS NEAR RACE WAR

(By The Associated Press)
BRECKENRIDGE, Texas, Nov. 15.—Scores of negroes and Mexicans have left town within the past 24 hours. The negroes are by far in the majority of those leaving.

The sudden exodus followed a march of a crowd of men, estimated at 300 thru the negro and Mexican districts of Breckenridge last night and alleged threats from individuals that Mexicans and negroes must leave Breckenridge or have their homes burned. Other threats of violence are alleged to have been sent the negroes and Mexicans.

Mayor Fullmer declared the city authorities will do everything possible to protect residents of Breckenridge, regardless of race or color. No further trouble is expected.

ILLINOIS MAN GOES TO BUENOS AIRES

(By The Associated Press)
WASHINGTON, Nov. 15.—Dr. Leon M. Estebrook, chief of the division of crop and livestock estimates of the department of agriculture, is considered to be on his way to Buenos Aires and remain there over year to reorganize the crop reporting and statistical service of Argentina.

Dr. Estebrook a native of Illinois, has been granted a year's leave of absence by the government to undertake the work for Argentina. He will sail from New York January 5, arriving at Buenos Aires January 24.

MOTION BY STILLMAN DENIED BY JUDGE

White Plains, N. Y., Nov. 15.—Supreme Court Justice Morschauer today denied a motion made last Saturday at Poughkeepsie by James A. Stillman, to have him set aside his judgment refusing the banker a divorce and upholding the legitimacy of Baby Guy Stillman.

Justice Morschauer announced his decision after having examined briefs submitted by counsel for the banker and for Mrs. Ann U. Stillman.

MINNESOTA FARMERS PERFECT WOOL POOL

St. Paul, Minn., Nov. 15.—Preliminary organization of the Minnesota co-operative wool marketing association designed to handle more than 1,000,000 pounds of wool for Minnesota farmers on a pool basis, was completed today. Final organization will be discussed at a meeting in January.

WASHINGTON IS DEFENDED FROM ENEMY PLANES

Attacking Planes are Cap- tured and Are Given Luncheon

(By The Associated Press)
WASHINGTON, Nov. 15.—Washington was "saved" from "enemy" air raiders today when a defending squadron of army planes, warned by scouts, took the air and repelled the invaders in a desperate theoretical encounter. The victory of the defense was complete. The entire fleet of five hostile bombers was "captured" and after surrender of the pilots all hands went to lunch at Bolling Field.

The attacking force consisted of five Martin bombers which left Langley Field, Va., this morning and thru obscuring rain showers drove toward Washington intent on "bombing" the white house, treasury, navy yard, war college, the capitol and other important government structures.

Word that the enemy was on the way was all that reached the defending forces at Bolling Field.

Three big scouting planes equipped with radio instruments shot into the air and circled southward groping for contact with the enemy. Low visibility hampered their work but finally the enemy machines were spotted down the Potomac river below Alexandria and the word was flashed by radio to Bolling Field while the scouts maneuvered to keep the hostile craft in sight.

Back at the field, three diminutive fighting planes of the type used by the air "aces" overseas shot up, circling their way high into the banked clouds above. They had scarcely disappeared from sight overhead before three heavier fighting craft followed them into the lofty ambush that was being laid for the enemy.

The distant grumble of the planes of the enemy bombers gave notice that they were at hand. The five big planes from Langley came on with the target buildings they sought ahead and began swooping downward to the attack. From the clouds above dropped the six defending planes into the midst of the enemy craft and the battle of Washington was on. The fighters circled and twisted round the enemy machines in every maneuver of battle practice, picking off the bombing planes one at a time until the last of the quintet had been forced to earth theoretically.

GOVERNMENT OF ANGORA PLEDGES TO KEEP COMPACT

Note Serves to Dissipate
Danger of Immediate
Rupture

(By The Associated Press)
CONSTANTINOPLE, Nov. 15.—Any immediate danger of a rupture between the allies and the Kemalists authorities seem to have been dissipated today by the receipt by the allies of a note from the Angora government declaring that the terms of the Mudania armistice compact will be respected by the Nationalists and that there will be insistence on the withdrawal of allied troops from the zones laid down in the Mudania convention.

The note which had been eagerly awaited for several days brought relief to the allied authorities and the population of the capital which had seriously doubted the good intentions of the Angora government. It is felt here that the unfavorable reception of the Kemal demands throughout the world caused them to reconsider their decisions and adopt a more conciliatory attitude.

RESTRAIN GIRL FROM GOING WITH BOYS

CHICAGO, Nov. 15.—Lucille Patterson, 16 was restrained by an injunction issued by Judge Thomas J. Lynch in the circuit court today from friendship with any young man until she is 18 years old.

The petition for the injunction was made by the girl's mother, Mrs. Nellie Patterson-Haus. The girl lived with her mother after the latter obtained a divorce but several weeks ago she went to live with her father. Mrs. Haus agreed to the change but with the stipulation which also was made in the injunction that Lucille should finish her high school course and visit her once a month until she becomes of age.

RESCUE 300 CASES OF OLD ROCK AND RYE

Freeport, N. Y., Nov. 15.—Three hundred cases of Rock and Rye rescued by coast guards from the Motorboat Bilou when a he "floated too far and got stuck on a bar in Jones' inlet were turned over to the Cutter Manliff today for transportation to New York.

The Bilou was headed toward New York according to the coast guard when she went aground in heavy fog and a strong running sea. Two men aboard were arrested.

ALLEN SAYS HOWAT WILL NOT BE RELEASED

Topeka, Kans., Nov. 15.—A new movement has been initiated among labor organizations in Kansas for the release from the Crawford county jail of Alexander Howat, former president of District 14 of the United Mine Workers. Governor Allen said today.

"I have received numerous requests in the past few days asking that I release Howat. I have no intention of doing so," he declared.

PROGRESS MADE IN DISCUSSING OF WAGE SCALE

Operators and Miners Will Meet Today to Outline Method

(By The Associated Press)
CHICAGO, Nov. 15.—The first definite step toward outlining a method for negotiating a wage scale with the United Mine Workers in January will be taken tomorrow morning when a sub-committee from the operators will seek a conference with a similar committee from the miners delegation to secure from them an expression on two tentative proposals discussed by the operators. This move is the result of two days conferring with representatives of the nation's soft coal operators and miners.

Altho no vote has been taken by the operators it is generally understood that their committee of five will present two tentative plans, the first providing for distinct wage negotiations with a national joint executive board of miners and operators to hear all disputes arising out of these negotiations. It further provides it was understood that the odd number of the board shall be power to vote. In this person, it is said, the operators would rest in a measure a certain amount of power to prevent future strikes.

The other proposition it is reported is a return to some semblance of the old central competitive field basis arbitration. It is semi-officially stated that neither proposition will be acceptable to the union.

The miners, according to reports, might favor a method approaching the central competitive field basis without arbitration.

The miners it was pointed out, feel attached to the central competitive field basis because of the fact it has been the base of wage scale negotiations for a number of years.

Will Accept no Reduction.

On the question of wages an official of the miners' association said that the position of the miners has been somewhat steadily late—that no reduction from the present scale will be accepted for 1923.

This afternoon's joint session as of short duration. The miners withdrew from the meeting to allow the operators an opportunity to discuss their two proposals.

One submitted by Harry N. Taylor of Kansas City, president of the Southwestern Coal Operators' association and the other by C. L. Jenkins, president of an operators' association of West Virginia.

This committee which discussed these plans and which plans to meet with a committee to be appointed by the miners is composed of P. H. Penna, of Terre Haute, Ind.; Charles C. Neill of Pennsylvania; Harry N. Taylor, of Kansas City; and C. L. Jenkins, of West Virginia.

Details of Mr. Jenkins' plan were made public and are:

"A national joint committee determine wage rate basis and differentials for the various districts; a district scale committee to determine the differentials and apply the basic wage scale and a national appeals board to hear appeals from the national joint committee."

GOVERNMENT IS OVERCOMING REBELS

(By The Associated Press)
ASUNCION, PARAGUAY, Nov. 15.—Official reports on the status of the revolutionary movement issued today, declare the government is overcoming the rebels.

Government troops have recaptured the village of Ajos. Another force of 600 captured Carmen del Parana, between Villia Encarnacion and Chapiquente, after a forced march of 15 hours, adds the official announcement isolating the revolutionists in Villia Encarnacion.

A Telegraph news story is to the effect that next spring is certain to show a labor shortage. You do not need to wait until next spring to find out the shortage of common labor. Just start out to find a man for a real hard "odd job" and you will have the proof of the already existing shortage.

The Robert La Follette League of Illinois is just now seeking to enlarge its membership in order to arouse opposition to the new proposed state constitution. In Illinois the name of La Follette is not one to conjure with. The Wisconsin senator's war time record and some of his very radical "active" proposals have not built up faith in his wisdom.

This statement brings to mind what curious alignments there are in the discussion as to the merits and demerits of the proposed constitution. One finds radicals and conservatives joining in arguments against the constitution, and then looking a little further he finds radicals and conservatives urging its adoption.

A merger of the big packing concern is now being talked about with the extreme likelihood of the absorption of the Morris interests by Armour and Co.

Frequently charged with business wrong doing it remains to be proved that the gigantic packing industry is not operated in the interest of the greater number of people. In these days one frequently finds farmers and livestock men praising the packers for they generally recognize that the good prices paid for hogs in recent months were made possible by the action of the packing interests.

If the interest shown yesterday in the United Merchants Gift campaign continues with the enthusiasm for the next six weeks, it will be necessary to send S. O. S. signals to the wholesalers to hurry along and replenish Jacksonville stocks.

Out of all the suggestions made for controlling traffic in Jacksonville, some policies that fit the local situation can certainly be worked out. It is an excellent thing to have so many persons interested in the question, for this public interest can later be used in backing up whatever plans are finally adopted.

A miners' organization is said to have begun the collection of a \$2,000,000 special fund in prospect for an anticipated strike or

THOUSANDS THROG GIFT DISPLAY ROOM

Committee Kept Busy All Day Handing Out Free Coupons On Opening Day—Sales of Local Goods Gets Impetus.

A great success is the snap judgment of merchants cooperating in the big Gift Campaign of Jacksonville business men after the first day of that campaign. Thousands crowded their way thru the store during the middle of the day and the committee in charge were not idle once during the day handing out the advertised free coupons. Three thousand adults were given the little slips of paper, and many children also viewed the treasure room.

Some one finally says a good word for the ex-kaizer. The "someone" is Sir Basil Thomson, former head of Scotland Yard detectives.

Thomson, now lecturing in America, and republishing "Inside Stuff" of the British secret service, says: "The (German) general staff had resolved upon the invasion of Belgium and they put their plans before the kaiser. He vetoed them."

"This situation continued for 48 hours and after the general staff had issued the orders for the army to advance, Von Moltke went to the kaiser's bedroom at 2 in the morning and asked him to sign the order. He refused. Von Moltke then said that the safety of the fatherland had devolved upon the general staff and, 'if your majesty refuses to sign, the general staff must take the responsibility.'"

"In other words," according to Thomson, "the kaiser must choose between abdication and approval, and he took the latter course."

Thomson's lecture, instead of absolving the ex-kaizer from guilt, distributes the guilt to the shoulders of many, Bill included.

A melodramatic picture of the death of Rasputin, "sacred devil of Russia," is given by Thomson. Rasputin, taken to a palace basement dining hall, was given a bottle of poisoned wine that had been tried out on a dog.

Rasputin, when the poison got to him, breathed heavily and foamed at the mouth, but showed no signs of dying. So Prince Youssapov, when Rasputin staggered at him, gave him a shot out of a pistol, "and the monk fell backwards with a terrible cry."

A doctor, called in, examined the body and pronounced it dead. Later Youssapov approached the corpse and "put his hand under the robe to feel the heart. It seemed to be still, when suddenly Rasputin sat up and seized him by the throat."

Youssapov escaped. Rasputin staggered to the door, out into the snow. Three more pistol shots brought him down. But it took a bludgeon to finish the work. He died hard. You do not wonder, Youssapov decided that Rasputin was the devil himself.

Sir Basil Thomson thus adds a few more pages to the "inside history" of the World War, already contributed to so heavily by William Hohenzollern, Lloyd George, Franklin K. Lane, and others.

The "inside stuff" is coming out on the very heels of the war. That is contrary to custom, for diplomats usually leave their memoirs to be published after death.

We are fortunate. It is rarely that a generation that fights a war lives to learn what took place behind the scenes.

WOODSON BIBLE CLASS IS ENTERTAINED

Christian Church S. S. Class Entertained By S. S. Class of Presbyterian Church—Other Woodson News.

Woodson, Nov. 15.—A social was given by the Practical Bible class of the Presbyterian church for the members of the Golden Rule Bible class and the minister of the Christian church at the beautiful country home of Mr. and Mrs. John Hoagland Wednesday afternoon.

Words of welcome were spoken by Mrs. Hoagland, after which all joined in singing. Rev. A. E. Powell then led prayer and all repeated the 23d Psalm. A talk by Rev. L. H. Fuller was next on the program, the minister emphasizing the responsibilities of the two classes and the possibilities for good if they co-operate together in the proper way. The remainder of the program follows:

Victrola selection, "The Hallelujah Chorus" from "The Messiah." Reading, "The Croaker"—Mrs. Jack Steinmetz.

Talk, "Community Welfare"—Rev. Powell.

Victrola selection, "I Heard the Voice of Jesus Say" (Frank Croxall).

Reading, "Thoughts"—Mrs. Earl White.

Victrola selection, "When the Roll is Called Up Yonder." Reading—Mrs. Hugh Vorhees.

Song, "Best Be the Tie That Binds."

At the close of the program came a delightful social hour, when the hostess served dainty refreshments. The members of the Golden Rule class deeply appreciated the hospitality of the other class and will long remember the occasion with special pleasure.

News Notes.

Rev. A. E. Powell is to give an illustrated lecture "The Passion Play," at the Presbyterian church Thursday evening, to which the public is cordially invited.

Mrs. Harry Craig, who has been a patient at Passavant hospital the past three weeks, was able to be brought to the home of her mother-in-law, Mrs. Leola Craig, and her friends will be glad to know that she is improving.

Crabbe

The death of Mrs. Mildred Smith Crabbe occurred Wednesday morning at nine fifteen o'clock at the home of her parents, Mr. and Mrs. Robert Smith, 749 South Church street. Mrs. Crabbe's death came following an illness of a year.

The decedent was born Oct. 5, 1898. She received her education in the Jacksonville schools, graduating from the high school in the class of 1918. On Feb. 16, 1920, she was united in marriage with William Crabbe. They made their home in Akron, Ohio, until October of 1921.

Mrs. Crabbe was a young woman of fine qualities, and her kind and gentle disposition made her many friends. She was a member of Central Christian church of this city.

Surviving are the husband, father and mother, two brothers, Roy of Decatur and Frank of Jacksonville, four sisters, Mrs. Swain Marshall, Beardstown; Mrs. C. J. Roberts and the Misses Irene and Alma Smith of this city. One brother, Harold, preceded Mrs. Crabbe in death in January of 1919.

Arrangements for the funeral will be announced later.

Funeral services will be held on Friday afternoon at 2:30 o'clock at the residence of Mr. and Mrs. Smith, 749 South Church street. Rev. M. L. Pontius will officiate and interment will be made in Diamond Grove cemetery.

Vail.

Miss Ruth A. Vail died at Martha Phelps hospital in Macomb Wednesday morning at 8 o'clock following a brief illness. She was a former resident of Jacksonville. The funeral services probably will be held in Macomb and burial made here. A more extended obituary will be given later.

PHONOGRAPHS AND RECORDS

Why the Brunswick Phonograph is what it is—

While we rely entirely on the inherent merit of the BRUNSWICK to prove its own case, as it has always done—yet, it is a source of great satisfaction to occasionally reflect on the wonderful organization and resources back of it which has not only been responsible for the present unique position of esteem in which the instrument is universally held, but which also furnishes us and our clientele of BRUNSWICK owners with the satisfying assurance that the BRUNSWICK will always be the most desired of all phonographs.

A few facts concerning the Manufacturers of the Brunswick Phonograph.

They are capitalized for \$55,000,000.00.

—have branch offices in twenty-five cities in the United States—five in Canada, one in France, one in Cuba and one in South America.

—operate their own timber lands in Northern Michigan.

—make every part of the BRUNSWICK Phonograph in its entirety.

—are the only phonograph manufacturers in the United States, and we think, the only one in the world, that actually does this.

—have at the present time seven factories devoted to the manufacture of phonographs and parts, and two factories to the pressing of records.

—cut their own veneer logs and slice their own veneer.

—manufacture their own panels and are just completing a plant to manufacture shipping cases for their phonographs.

Ponder over these facts and you will readily discover the reason of our enthusiasm for Brunswick Phonographs and Records.

HEAR, THEN COMPARE

The way to fully appreciate the superiority of The Brunswick is to hear it, then make comparison. Your ear will quickly decide in favor of The Brunswick.

was recently elected a member of the Rhode Island legislature. Mr. Rawlings was nominated at a Republican caucus and defeated Amos J. Dawley, who subsequently took out nomination papers and as an independent candidate. Notwithstanding this fact, and that he was opposed by a popular Democrat, Mr. Rawlings, who is new in politics, won at the election.

Mr. Rawlings ran on the dry platform and he was opposed by the wet interests. In the election campaign, according to a Richmond paper, an effort was made to show that Mr. Rawlings was not a legal voter of his home precinct. However, this was shown to be absolutely false, as Mr. Rawlings has lived in his present home for more than ten years past.

In one of the mass meetings held before election, Mrs. Rawlings was introduced as one of the campaign workers and made an address in which she urged the support of her husband by men and women who wished to see a real clean up in the conditions. Evidently there was a response to that appeal, for Mr. Rawlings won handsily in the election.

Mr. Rawlings has made an unusual success in business since establishing himself in the little eastern state. When he went there originally he acquired 1,000 acres of land which had been practically abandoned for agricultural purpose. By the application of Illinois methods of agriculture and the use of tools and equipment little known in the east, he made a success as a farmer and livestock man. He has also been interested in a flour mill and has in other ways demonstrated business ability.

JUNIOR DEPARTMENT AT COLLEGE OF MUSIC

In the work of the Junior department of the Woman's college of music has increased so that it has been found necessary to add another theory class. Children of all ages and grades are now included in the work and there is now a total enrollment of about one hundred pupils in the Junior department. There are three theory classes, three harmony classes, four classes in Rhythms, a piano class of children and a class in story telling and games. The aim of the theory class work conducted by Miss Kirby who has charge of the Junior department, Miss Sapio and Mrs. Martin, is to supplement the private lesson by drills in note reading, ear-training and rhythm. The work in harmony includes the teaching of scales, intervals and triads.

The children's piano class which includes small children not yet ready for private work is under the direction of Miss Kirby. The play instinct is appealed to by the use of Mother Goose rhymes in the teaching of technique.

The four Rhythmic classes which meet from 9 to 11:30 include children from six to fifteen years of age.

The problem of what to do with children who are compelled to wait from 10 o'clock till 11 for the class rhythmic has been solved by the organization of a class in games and story telling. When the weather is pleasant the children are kept outside and play games under the supervision of Miss Helen Bly of the department of physical education. When it is not feasible they have the pleasure of listening to interesting stories told by Miss Powell of the expression department assisted by students in story telling.

Prizes will be given at the end of the year for the pupils having the best practice records throughout the year. There will also be a party given at the end of each semester for all children who have been present and on time every Saturday at their respective theory classes.

FINE EXHIBIT OF BRITISH POSTERS

Will be Displayed at Strawn Art Home—Will be Open to Public Saturday Afternoon.

The exhibit of British posters which is to be opened on Saturday at the David Strawn Art Home on College avenue will no doubt attract wide interest in Jacksonville both among art lovers and among those interested in decorative art as applied to commercial work. The exhibit is being brought to the city by the Art Association of Jacksonville and is from the American Federation of Arts in Washington, D. C. The exhibit includes sixty-seven posters and has been hanging in many of the leading cities of the United States during the past year.

These pictures show the best that has been done in English poster advertising by the Underground railway of London and by the English commercial firm. The posters are of special interest from the standpoint of decorative design, simplicity of composition and effectiveness in color and treatment.

The work is especially awakening to Americans as revealing the high level which British commercial art has attained. The posters are artistic and colorful in treatment and possess real art value. The most commonplace themes are treated in an imaginative, colorful and altogether pleasing artistic manner which is rarely lacking in the majority of our American, matter-of-fact commercial art.

The pictures are those pointing out the advantages of travel in England via the tramways, underground railways, motor bus and those advertising the values in such department stores as Derry and Toms, a well known firm of Kensington. H. Cowman's gay pictures of little children in their bright colored frocks, tell of the joys and joys of the marks reached by the London tramways. The lovely posters in pastel shades by Nancy Smith reveal to the passer by the alluring breath of out door life in the English counties around London reached by the motor bus. The arresting touch of suggestive reality is shown in a poster advertising underground travel, in which the advantage of subway travel is suggested by people carrying umbrellas and carrying along the street in the driving rain.

Commercial Art.

Some of the most attractive pictures of the exhibit are those executed for Derry and Toms. Among these is the one by D. W. Kauffer, entitled, "Thru the Air for Babies Wear," being a picture of adorable little clown babies being blown by a soft white cloud against the sky with the clouds and stars. The poster heralding a "Winter Sale," shows a few very realistic figures of people holding their hats and being blown to a very precarious angle by the snow-laden wind. A "Summer Sale" brought to one's attention, not by a glare of printing and a stereotyped picture of merchandise displayed on the counter, but by a group of huge white sailboats on a deep blue sea. "Daity Cross Goods," by E. McKnight KKauffer, and "Sea Side Frocks," by F. H. Warren are full of individuality and color and "Crowds of Toys," by Helen Byrne Bryce, is especially attractive with its group of adorable little figures from Mother Goose and Noah's Ark tales.

The exhibit will open Saturday afternoon, November 18, at 1 o'clock and will continue until Sunday evening, November 26. The home will be open in the evenings also and the public is cordially invited to attend the exhibition. The admission is free. In the absence of Mrs. Mary T. Carriel, the president of the Art Association, Mrs. T. J. Pitner is in charge of the exhibit. Mrs. J. L. Johnson is the secretary of the association and Gates Stearns is the treasurer. The other directors of the organization are Miss Elie Trable, Miss Adelaide McCune, Mrs. David Reid and Miss Harriet Ribert.

CARS COLLIDE AT CHURCH AND STATE

Machines Driven by Nelson McMurphy and High School Girl Slightly Damaged.

Slight damages were the result of a collision of a car driven by Miss Eudora Milburn with a car said to have been driven by Nelson McMurphy at the corner of State and Church streets early Wednesday afternoon. Miss Mignon Hirsch, seated with Miss Milburn, suffered slight cuts from being thrown against the windshield, which was broken by the impact. The front fenders of both cars were damaged.

According to information available Miss Milburn was following a coal wagon West on State street. It turned south at Church, and Miss Milburn kept on straight. Mr. McMurphy, coming from the west with the coal wagon blocking his vision, turned north on Church street just in time to block the progress of the other car, which struck his car from the side.

Instant Quaker Oats

Cooks to perfection in 3 to 5 minutes

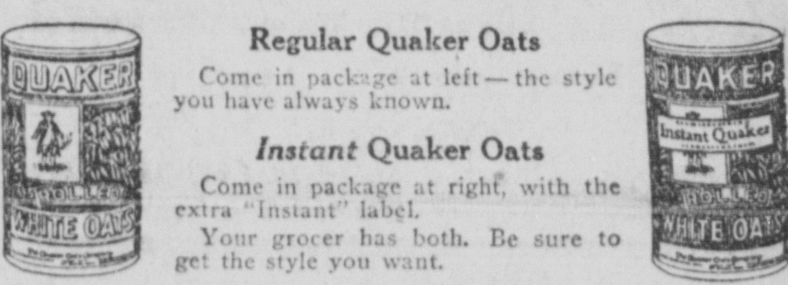

No Other Oats

Cook so quickly as these
Now there's an Instant Quaker Oats—the quickest-cooking oats in the world. Your grocer has it as well as the regular. Instant Quaker cooks in 3 to 5 minutes, and cooks to perfection. No other style of oat flakes cooks nearly so quickly as that.

Now two things you want

Now Quaker Oats offer you two things you want. They offer a flavor which has won the world. Quaker Oats dominate wherever oat lovers live. Never was an oat dish made so delicious. That's because we use queen grains only—just the rich, plump, flavory oats. All puny grains are discarded. We get but ten pounds of these luscious flakes from a bushel. Now Instant Quaker offers that same super-quality, almost ready to eat. It is flaked from the same grains, but the oats are cut before flaking. They are rolled very thin and are partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Now you have your choice. Regular Quaker—the kind you have always known. Instant Quaker—the style that cooks so quickly. Get the style you prefer. But, for one or both of these reasons, insist on the Quaker brand.

Studebaker

No motor car is more satisfactory! Made of the best materials the market affords, under most precise standards of workmanship, the Studebaker Big-Six Touring Car is the outstanding value among fine cars.

It is a roomy, seven-passenger car but is not bulky. And it does not carry an ounce of excess weight.

The 60-horsepower motor provides speed, stamina, flexibility and power in abundance.

Comfort is insured by correct design, long, semi-elliptic springs, restful nine-inch seat cushions and shock absorbers. The body lines are distinctive, and the equipment includes many motor refinements such as the one-piece windshield, tool pocket in left front door and the courtesy light on the driver's side which illuminates the roadway in passing cars at night.

At \$1650 it represents a large saving over cars that do not even approach it in intrinsic value. And it is economical to drive and possesses high resale value.

The body, like the chassis, is built in Studebaker plants, which eliminates middlemen's profits. The savings resulting are passed along to you.

The Big-Six is a wonderful motor car! It well sustains the 70-year Studebaker reputation for business integrity and honest value.

CATTLE SALE.

1200—HEREFORD CALVES—1200
Monday, Nov. 20th, 1922

THE C. S. BRAND OF QUALITY
The Charles S. Springer Cattle Company,
of Cimarron, New Mexico

take pleasure in offering to the feeders and breeders of the Cornbelt the opportunity of securing calves from their noted C. S. Herd. The consignment will consist of

600 STEERS 600 HEIFERS

To be sold in carload lots, each sex separately

This herd of cattle is conceded by all cattle men of authority to be the best large head owned by one firm in existence, barring none. Their yearlings and two year olds have topped the Kansas City market this fall with their shipment of 1700 head, the last shipment of 700 yearlings selling straight for 8 cents per pound. The point emphasized in connection with the C. S. Cattle is their size, bone and general sturdiness. The ranges of the high mountains and good breeding stock have been prime factors in producing such calves.

400 head of dehorned Hereford yearlings will also be sold.

This sale will be held at "The Walnuts" the farm of

Charles C. Judy
Tallula, Illinois.

Sale positive. All cattle loaded free of charge by special train day of sale.

Conservative Styles Their Practical and Economic Value

Much clothing in the way of suits and overcoats is laid aside long before it has given the wearer the worth of its cost simply because of a peculiar style that soon passed out.

Sensible Designing Means Economy

We specialize in designing and cutting suits and overcoats in a manner that stamps the wearer at once as being "in style" and will remain "in style" as long as there is wear in the garments. There is a "happy medium" that permits one to keep well dressed, at small cost.

New Fall Woolens Are Here

You are needing a new suit or overcoat? We shall be mighty glad to have you call and inspect them, learn about our low prices, fine workmanship, and how we cut and make garments so that they "right" from the day you get them until worn out by long service.

What Every Expectant
Mother Should Know--

Mrs. Laura Hendrix, Gracemont,
Ohio, says: "I want to express my
gratitude to 'Mother's Friend' for
the mother of six children, expect-
ing another one soon. I have
used 'Mother's Friend' with every
one of my babies. I think it is the
greatest help that has ever been
discovered for the expectant moth-
er. I can't do without it. I recom-
mend it to all expectant mothers.
I can't say too much for it."

"Mother's Friend" was originated
by an eminent physician. It has
saved thousands of expectant moth-
ers from useless suffering. It is
externally applied; aids the mus-
cles and tissues to relax easily and
adjust themselves to the changes
bring expectancy and up to the
moment baby arrives.

"Mother's Friend" is safe and
beneficial, and contains no nar-
cotics or harmful drugs. Avoid
these gross and useless substi-
tutes.

Use "Mother's Friend" as our mother
and grandmother did. Don't wait
today and tomorrow write to Bradford
Regulator Co., B.A.-4, Atlanta, Ga., for a
free illustrated book containing infor-
mation every expectant mother should have.
"Mother's Friend" is sold by all drug stores
everywhere.

MEREDOSIA RESIDENT LAID TO REST MONDAY

Remains of Late Isaac Harbert
Interred After Impressive Fun-
eral Services—Other Mercedosia
News.

Mercedosia, Nov. 15.—Funeral
services of Isaac Harbert were
held at 2:30 Monday afternoon at
M. E. church at Mercedosia. Rev.
W. M. Halley of Perry had charge
of the services. The singing was
by a quartette composed of Mrs.
T. W. Burdick, Mrs. C. G. Wed-
hoff, A. G. Poud, and H. A. Nay-
lor.

Isaac Harbert was born Aug-
ust 26, 1860 at Attica, Ind., and
departed this life November 10,
1922, aged 62 years, 2 months and
14 days, after a short illness of
pneumonia.

He was united in marriage to
Vesta Cranford Feb. 3, 1887 at
Alvin, Illinois and came here the
following year where he has since
resided. He is survived by his
wife, three sons, Harry of Quin-
cy, Francis of Flint, Mich., and
Charles, of Mercedosia; three
grand children, June, Vesta Helen
and Frances Elleen and one sis-
ter, Mrs. Mattie Strausberry of
Alvin, Ill.

The deceased was converted
and united with the Methodist
church in this place in 1913 un-
der the ministry of Rev. S. A. Mc-
Intosh and ever afterwards lived
a consistent Christian life. For
the past several years he effec-
tively served as janitor for the
church, which duties seemed a
pleasure to him. Thru his faith-
fulness in his duties to the church
and his cheerful disposition he

CIVIL WAR HISTORY SET GIVEN HIGH SCHOOL

Government War Record in 182
Volumes, Formerly Owned by
Captain Melton, Presented by
Dr. Griswold.

A gift of a one hundred and
thirty-two volume set of complete
government records of the Civil
War, including all messages, or-
ders and maps of importance, was
made Wednesday to the high
school by Dr. H. L. Griswold.

The books were formerly own-
ed by Capt. J. W. Melton of this
city, who died a few years ago in
Los Angeles. A veteran of the
civil war, Captain Melton was one
of the few to secure the set,
which was printed in limited edi-
tion by the government printing
offices in the early nineties.

Dr. Griswold felt that the books
would be of more value if kept in
a place where hundreds of stu-
dents would have access to them
than if left in a private home as a
part of the collection of a single
book fancier. The students of
the high school and perhaps many
visitors will find in these source
material of more interest and
value than is to be found in many
high schools in any line.

Social Events

Entertains Card Club.

Miss Edna Stout entertained the members of her card club Wednesday afternoon at her home on North Church street. This was the regular meeting of the club and three tables were made up for bridge. After the hours of playing the hostess served attractive refreshments.

Give Chicken Supper.

The members of the Oklke Camp Fire Group enjoyed a chicken supper given Tuesday evening at the Pilgrim Memorial. The supper was prepared and served by Mary Frances Breeding, Thelma Carpenter and Frances Feisch, as a part of their work for Camp Fire honors. After the supper there was the regular business meeting of the organization and this was followed by a very clever little play given by a group of the girls. Miss Irene Groves, the assistant guardian of the group acted as the guardian at the meeting in the absence of Mrs. G. E. Stickney, the guardian of the Oklke.

Miss Haigh to Be Toasted.

The Past Noble Grand club of Jacksonville Rebekah Lodge No. 13 will be entertained this evening by Miss Fern Haigh at her home on Hardin avenue. This is the regular meeting of the club and a business meeting will be held the first part of the evening. The hours will be spent in sewing on articles for the market and bazaar which Rebekah Lodge No. 13 is to hold on the second Saturday in December at Doyle Brothers Plumbing and Electrical com-

pany shop on East State street. At the close of the evening there will be a social hour and the hostess will pass attractive refreshments.

Wednesday Class Meets.

The Wednesday Class was entertained yesterday afternoon by Mrs. Walter Ayers at her home on West State street. The program was a paper on Travel by Miss Maria Fairbanks and she gave an interesting review of "The Secrets of the Sahara; Tu Fara," by Joseph Forbes, a well known English writer. During the delightful social hour following the paper the hostess served afternoon tea.

Anniversary to Be Observed.

The anniversary of the founding of the Students' Association at Illinois Woman's College will be celebrated today at the college. The chapel exercises in the morning will be devoted to the observance of the anniversary with addresses by officers of the association and special musical numbers. Miss Flo Dikeman, vice president of the organization, will preside in the absence of Miss Janette Wallace, the president who is ill. The Students' Association was founded in 1914 and the eighth anniversary will be observed today.

Third Church Night At Christian Church.

Instead of the regular prayer service at Central Christian church last night, the third "Church Night" program was carried out. Supper was served at 6:30 o'clock, following which

Rev. M. L. Pontius gave a stereoscopic lecture on India. Still another feature of the evening was talk by Mrs. Bess Galley, who has but recently returned from a trip thru Japan, giving some interesting facts about her journey.

Sans Souci Members Entertain at Dinner.

The members of the Sans Souci club entertained at a delightful dinner last evening at the home of Mr. and Mrs. E. W. Milburn on South Clay avenue. The ladies met for an afternoon of sewing with Mrs. Milburn as hostess and their husbands were invited to a 6 o'clock dinner with them. After the serving of a delicious dinner the evening was spent in a social way.

Baptist Union Met.

The Woman's Union of the First Baptist church met yesterday afternoon at the church parlors. The meeting was opened with the devotional services led by the president, Mrs. Jeanette Orden. Mrs. A. P. Howells was the leader of the missionary program. During the afternoon the ladies sewed on surgical dressings for Passavant hospital and attractive refreshments were passed. Mrs. C. H. Story was the social committee chairman for the meeting.

Farewell Party For Miss Mignon Hirsch.

The Jolly Workers' club of First Baptist church gave a farewell party Wednesday evening at the home of Miss Eudora Milburn in honor of Miss Mignon Hirsch, who is soon to leave for Springfield to make her home there.

In the course of the evening a handsome fountain pen was presented to Miss Hirsch. Games were played and the prizes were won by Miss Isabel Anderson and by the guest of honor. Delicious refreshments were served.

NEWS FOR EX-SERVICE MEN

Apply to your local Red Cross immediately for assistance and information.

December 16th., 1922 is the last day on which application for Vocational Training may be accepted by the Veterans Bureau and every discharged man who has not yet made application for training should do so immediately if he thinks he is eligible on account of a service disability.

Under the Deficiency Bill approved June 16th., 1921, application for training are limited to eighteen months following the passage of the Act which makes December 16th 1921 the time limit. Altho application must be in or before December 16th., 1922 at the Veterans Bureau or before December 16th., 1922 men eligible to Vocational Training may have a year in which to enter his course after notification of acceptance.

Disabled men, who are interested in Vocational Training should apply for further assistance and information in filing claim to the Missouri County Chapter, American Red Cross, Headquarters in the Public Library, entrance on Sandy street.

Altho the two applications are now filed on the same Form 526, claim for compensation must be filed within five years from the date of discharge. Compensation is paid only for a disability which was incurred or aggravated by service occurring within one year of discharge except in cases of active pulmonary tuberculosis and Neuro-Psychiatric disabilities, more than ten percent in extent. The time limit has been extended two years.

Remember that this date has been fixed by law and cannot be changed. Therefore see your local Red Cross in time to get application into the Bureau Office by December 16, in case you feel that your disability has handicapped you sufficiently for you to need training.

Have your Red Cross membership dollar ready for the solicitor or bring to Red Cross headquarters, Public Library building.

THIEF TAKES MONEY; LEAVES FINE RAZORS

James Butler's Barber Shop Loses Between Seventy-Five and One Hundred Dollars.

The fact that the thief who early Wednesday morning broke into the barber shop of James Butler, 213 East State street, passed up \$150 worth of razor, and various other tonorial tools in plain sight, and took only seventy-five or one hundred dollars in cash and checks from the cigar case furnishes a clue for the police to work on. It seems unlikely that the man was a professional thief, and this being true it is likely that the thief was a sneak thief who had been tempted to force the rear window by the probability of in ease pocketing the bills and change once he got in.

Mr. Butler discovered his loss when he opened up Wednesday morning, discovering that the rear door had been unbarred from the inside, the rear window forced from the outside, and the money gone.

TOLD ABOUT WORK IN MOUNTAIN DISTRICT

Rev. A. C. Smith Gave Illustrated Lecture at Westminster Church

Rev. A. C. Smith, who is an educational and religious worker among the mountain whites in Kentucky, gave a very interesting address at Westminster church Wednesday evening. The address, which was illustrated with stereoscopic slides, came at the conclusion of the regular Wednesday evening supper.

The speaker was introduced in a personal way by Dr. Smith, who had spent a number of days with him in Kentucky several years ago.

Mr. Smith is a graduate of McCormick seminary and ever since finishing his course there has been located in the mountain region of Kentucky. In fact, Mr. Smith spent parts of two years there before finishing the seminary course, and he has given seventeen very active years to the work at Carps Fork and in the surrounding country.

The church at Carps Fork where he began work there was fifty-four miles from any railroad station and roads were almost impassable. Now a railroad is considerably nearer and there is the possibility of a good highway in the course of the next year or two, as bonds for such a road have been authorized.

In the course of his address Mr. Smith cited numerous examples to show that the educational and religious training given the boys and girls of the mountain white families has proven abundantly worth while. Many of these boys and girls who started with such meagre educational advantages are today taking advanced college courses and holding positions of responsibility.

DRILL GOING DOWN IN DEEP WELL TEST

The drill in the deep test well financed by Jacksonville business men is now down to a depth of 950 feet. It cannot be said that here is anything sensational in the findings thus far made. Neither is there anything of a discouraging kind or to be taken as an indication that it will be a "dry hole." On the other hand the work is proving to be just as anticipated and in accordance with statement made, based on study of the local area by geologists.

C. E. Rhodes, who is in charge of the drilling operations, was in Centralia yesterday purchasing additional casing. There was some casing on hand but need some for casing of a different diameter and Mr. Rhodes made the trip to Centralia in order to have the shipment hurried.

HOMECOMING GAME AT SCHOOL FOR THE DEAF FRIDAY AFTERNOON

Local Squad Will Meet Missouri School for the Deaf—Teams Are Evenly Matched —Illinois School Won Battle Last Year —Large Crowd Expected to Witness Game

All preparations for the first annual homecoming game of the Illinois School for the Deaf to be played on I. S. D. field with the Missouri School for the Deaf tomorrow afternoon have been completed. The game will start at 2:30 o'clock.

It will be the first time that two teams of deaf mutes have ever been seen in action in this city and no doubt there will be a large crowd of fans out to witness the contest.

According to all dope available the teams are evenly matched and both are in tip top condition. Last year the local tossers defeated the Missouri school on its own field by one point. There is little difference in the teams as to weight and the game promises to be a seesaw affair.

The management of the school has made ample arrangements to handle the crowd. The field will be roped off about five yards from the sidelines so that the spectators cannot encroach on the playing field.

The visitors are said to have a stronger squad than last season. They are coached by Major Birch who was a star at Gallaudet college, Washington, D. C., in 1912. Coach Burns also is a former star in the same school and it will be a battle royal between teams using similar football tactics.

Missouri has played four games and lost one. Illinois has played six games and lost four. However, the local team has tackled stronger teams in Western Military, Decatur, Champaign and

BURNS. (Coach.)

Roodhouse than the visiting has met.

It is expected that Massinkoff and Crabbe will be the main cogs in the local offense. If Massinkoff is up to form Missouri will find him a hard man to stop.

The records of the teams follow:

- Missouri:
M. S. D., 20; M. Military Academy, Missouri seconds, 18.
M. S. D., 7; University of Missouri high, 6
M. S. O., 30; M. Military Academy seconds, 6.
Illinois:
M. S. D., 7; Fulton high, 12.
I. S. D., 12; Carrollton high, 6.
I. S. D., 9; Decatur high, 7.
I. S. D., 7; Western Military Academy, 25.
I. S. D., 38; Auburn high, 0.
I. S. D., 6; Roodhouse high, 13.
I. S. D., 0; Champaign high, 36.

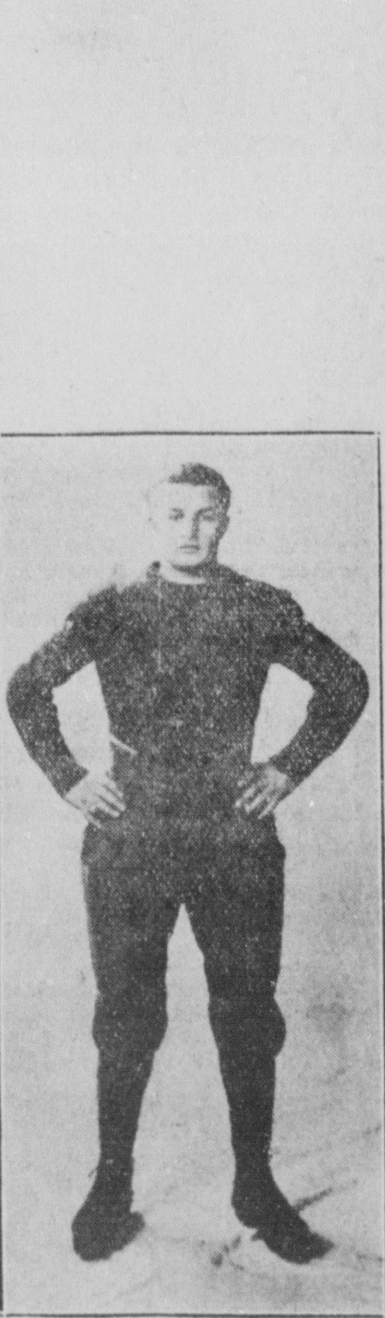

The teams probably will lineup as follows:

- | | | |
|------------|--------------|--|
| I. S. D. | Left | M. S. D. |

Schaefer Maintains Lead in Tournament

NEW YORK, Nov. 15.—Jake Schaefer maintained his position as an undefeated contender in the international 18.2 balk line billiard championship tournament tonight. He outplayed Roger Conti, the Frenchman, 500 points to 551 and equalled the average of 55.5-0 that Willie Hoppe set last night as the record average of the present tournament.

He also set up a new record high run for this competition with a massive compilation of 195. This run had been immediately preceded by 129. The champion had another run of 94. All of his play was rapid and he favored the short rails thruout.

Conti began poorly. He was not in the same stroke as a year ago when he defeated Schaefer in the tournament at Chicago. The Frenchman later strengthened his ball to ball billiards to finish with an average of 31.3-8 and high runs of 107, 87 and 43.

Jake Schaefer appeared more like a champion as he won the bank for lead in the night contest. He got a bad bump on his third carom that compelled a number of difficult cushion shots. The sixth was a dazzling four cushion effort that resulted in his assembling the globes on the rail at the head of the table on the next count. At 14 he missed the second object ball and retired.

Roger Conti, the Frenchman, started from a good leave but at five missed a drive as the cue ball lacked legs to make count.

Schaefer was the first to turn the first hundred mark. He began to operate for a nursing position at the start of his fourth inning. He was compelled to negotiate some open caroms which eventually led the ivory into the center panel in close formation at the 18th count. He definitely held them until the tally of 30 when he moved them to the short rail at the foot of the table. There rapid ball to ball billiards carried them along until at 44 he again essayed a brief period of nursing. From this to 78 by short direct caroms, pretty draw shots and clever use of the cushions he held the globes in subjection before making a drive. Practically all of the time the three balls could have been covered with a bat, the spheres appearing as responsive as if he controlled them by the aid of invisible strings. Schaefer's stroke was free, easy and fluent. His touch possessed delicacy and artistry that was revealed by his masterful control. Schaefer went on to 129 when the cue ball rolled to a freeze against the white light in one corner. He elected to have the ivory respotted and then missed the shot by an inch. His total stood at 179 to 10 for Conti.

Position work of a truly brilliant character marked the manipulation of the ivory by Schaefer as he turned into the fourth hundred of his score. There was little hesitancy as he rolled the balls back and forth along the short rail at the foot of the table. During this cluster his use of his left hand proved his strength. It made it possible for him to hold his position by shots that otherwise would have been impossible. One of these was a spread draw of four feet in length that effected the 65th carom. His masterful

holding of the cue ball on follow shots was surprisingly brilliant at all stages.

Schaefer kept the run going for a total of 195 points, thus establishing the high record for the present tournament. Thruout his cueing was showy, the big cluster terminating as the globes spread and he missed a single cushion carom.

Employing the most masterful close ball to ball billiards he had shown, Schaefer made a gallant effort to complete his string in his seventh inning. He was a trifle unfortunate in the timing of several of his wider caroms which spoiled some of his efforts at position. The champion was engaged in overcoming one of these self imposed handicaps when he missed a single cushion and yielded the table to Conti at 94.

Schaefer came to the table to tick off his closing cluster of 20 by close billiards that won the match.

The scores follow:
Jake Schaefer, white ball:
14 29 7 129 195 7 94 5 20 — 500
High runs, 195, 129, 94, average 55.5-0.
Roger Conti, spot ball:
5 0 5 87 13 43 107 — 251.
High runs 107, 87, 43.
Average—31.3-8.
Referee—Albert G. Cutler.

Cochran Winner

Welker Cochran, American star, defeated Erich Hagenlacher, German champion 500 to 471 this afternoon in the fourth match of the international 18.2 balk line billiard championship.

Altho defeated, Hagenlacher set a record run for the tournament, a closely compiled cluster of 178. His other runs were 140 and 72.

Cachran, forging from far behind in order to win, had high runs of 140, 82, and 69. His average was 33.5-15 and Hagenlacher's was 31.6-15.

SNYDER DEFENDS CUP SUCCESSFULLY

KANSAS CITY, Mo., Nov. 15.—Harry Snyder of Kansas City, successfully defended his title as holder of the Elliott interstate flyover cup against 17 challengers by hitting 25 straight on the second day of the fall shooters' carnival here today. T. J. Mos of this city, Phil Miller of Dallas and G. W. Warren of Chicago were his closest competitors, each hitting 24 out of a possible 25.

Snyder also won two flyer races, later killing 21 straight in the first and 21 straight in the second. P. M. Carroll of Kansas City won the day's singles shoot comprising six events of 25 targets each by breaking 146 of a possible 150 targets. Warren of Chicago won second place with 145. Warren's score for two days is 292 out of a possible 300 and exceeds that of his opponents.

Phil Miller of Dallas and Ted and Frank Hughes of Moberly, S. D., tied in the doubles event with 90 hits out of a possible 100.

Mrs. Charles McLamar was among residents of Franklin who made a trip to Jacksonville yesterday.

Notes from the Big Ten Camps

ILLINOIS
Champaign, Ill., Nov. 15.—The perfection of a defense against the powerful line hitting Maroons occupied the University of Illinois football team today in preparation for Saturday's game at Chicago. Richards Rokusek and Dave Wilson, ends, were given special training to prepare them to stop Jim Pyott of Chicago, whose skirting tactics have made him a formidable enemy.

MICHIGAN
Ann Arbor, Mich., Nov. 15.—The ghost ball was called into use at Ferry Field this evening for a late session of preparation for the Wisconsin invasion Saturday. Today's practice was the hardest in several weeks and was the last hard workout the Wolverines will be given before the Badger game. Several new plays were given out by Coach Yost during the afternoon.

MINNESOTA
Minneapolis, Nov. 15.—Signal practice and running down under punts was the only work the University of Minnesota football team did today toward getting ready for the Michigan game here November 25.

WISCONSIN
Madison, Wis., Nov. 15.—The University of Wisconsin football team was sent thru a long, hard drill today, probably the last heavy training before the game with Michigan Saturday. When the squad leaves for Ann Arbor tomorrow night it will be ready to make up for last week's defeat, Coach Richards said.

Tailoring Suits \$25 up. Pressing while you wait. Frankenberg, N. Main Repairing. Cleaning.

MICHIGAN HAS EDGE ON BADGERS

Ann Arbor, Mich.—When those two powerful western conference eleven, Michigan and Wisconsin, meet to decide supremacy at Ann Arbor, November 18, it will be their second get-together in 17 years, and incidentally the first time a Badger aggregation has appeared in the Maize and Blue back yard in the same length of time.

Not since 1905 has Michigan entertained Wisconsin. In that season the visitors were smothered and his fighting Wolverines. Not again did the two factions clash until last fall when they played a 7 to 7 tie at Madison.

Since Yost came to Michigan the Badgers and Wolverines have gone to the mat on five different occasions with the Madison players still having to win a game.

In 1902 the Yostmen ran into the toughest competition of the season, barely edging the foe 6 to 0. In 1903 the count was 16 to 0. In 1904, 28 to 0, and 1905 12 to 0. Last year's struggle is still fresh in the minds of football fans thruout the country.

Mr. and Mrs. Washington Downs of Manchester were in the city yesterday calling on Mrs. J. E. VanBibber of Scottville who is a patient at Passavant hospital.

ILLINI ENDS HARD WORK FOR CHICAGO

Zupke Will Take Team to Chicago Tonight—Probably Will Start Same Team that Whipped Wisconsin.

URBANA, Ill., Nov. 15.—When the searchlights were doused and the ghost ball put away on Illinois field tonight, Illinois' hard work for the Chicago game ended. Tomorrow night Bob Zupke will force he bundles the fighting Illini on their train for the Midway.

Little Bob, always the personification of energy, has never worked harder. Coaches are only human beings after all and the great coup which he executed at Madison was just as much of a tonic to him as to his young warriors. But Zupke has an analytical mind in which hopes never conquers reason and he knows better than anyone else the magnitude of the task.

It doesn't look as if Bob will make any changes in the team which best Wisconsin. The only question is at fullback. Chris Woodward has a bad hand and can hardly be trusted to handle the ball safely. It's easy for a lineman to play with a bandaged hand but a back must have his fingers free.

Sam Hill, who stepped into the berth when the Ottawa lad was disabled, still limps but there is more of a chance that he will be able to start. Sam's brain is a big help. The old Champaign high player is cool, and knows the game like a book.

Then there is young Emil Schultz, unknown to fame until Zupke plucked him into the Wisconsin game. The novice from Geneseo, Ill., acquitted himself well.

Roy Miller of Urbana is clinging to right guard with Leonard Ummus hot on his trail. Urbana claims another starter in Vivian Green, center, who is a native of Albion, Ill., but moved here.

The greater part of Zupke's time has been put on defense. How to stop big John Thomas is the chief problem of many. Pyott, the fleet Maroon, is dreaded but the Illini have been up against the real thing in Rollie Williams of Wisconsin. On top of all this the crafty Stage is said to have developed a baffling pass game.

The university is at fever heat of excitement. Nearly everybody in town who is lucky enough to have tickets will hurry to Chicago.

BRADLEY TACKLES LAKE FOREST TEAM

Both are Contenders for State Title—Large Crowd Expected for Game.

PEORIA, Ill.—Having successfully hurdled 7 games on their way to the state championship Bradley gridders view with mixed fear and pleasure their combat with the powerful Lake Forest eleven here Saturday.

Unless a tie contest results from the clash one of the schools will be definitely eliminated from the titular race for both are now in the thick of the fight Lombard is the third college competing for the bunting.

Arrangements have been made by Bradley officials to care for another mammoth crowd Saturday. Extra seats 65,600 fans have been erected and other plans have been completed whereby a larger throng can be accommodated than at any previous game. To prevent a conflict on the day of the Bradley-Lake Forest tussle the Manual and Spalding coaches switched their inter-city game ahead to Friday, assuring at least 1,000 more spectators for the Tech contest.

All the Bradley regulars with the possible exception of Correll, halfback, who was injured a week ago in the Wesleyan game, will make the start against Lake Forest. Heswell will replace Correll if the regular is unable to begin play.

Lake Forest is confident of taking Bradley in tow tow according to the expressed belief of Coach Ralph Glaze. Lake Forest scouts have watched the Tech eleven in action twice.

CHAPIN HOPESTON PREPARES FOR SEASON

The Chapin high school basketball team is putting forth strenuous efforts in preparation for its battle with Meredosia high here Friday afternoon. The locals having suffered defeat by a narrow margin are out for revenge, and it will no doubt be a lively fray from start to finish.

The team is piloted this year by H. Crabtree, who plays forward.

ward, while H. Smith holds down the other forward position.

D. Roberts, of the freshman class, is the new pivot man, and shows signs of developing into a star. C. Anderson, captain of last year's squad, and present manager, will be found at back guard, and G. Perbix will be his running mate. Besides the regulars there are some very valuable substitutes, chief among which are W. Fisher, D. Aufdenkamp, A. Sanderson, and Lee Smith. This lineup looks very formidable and the boys are bent on capturing the bacon Friday afternoon.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, hollow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit 15c and 30c.

Market Report

By The Associated Press

STOCK MARKET HAS ACTIVE SESSION

NEW YORK, Nov. 15.—Railroad and industrial shares had a quick rally in the early part of today's trading and many Standard issues particularly in the industrial, moved up several points over yesterday's closing quotations.

The downward movement in many securities that were under pressure yesterday was checked and short coverings brought about a material improvement in the quotations and a good buying power was noted in the market.

Industrials showed a better tendency to hold their gains than the railroads. The weakness of New Haven in the last hour had a deterring effect on the other rails.

Washington despatches to the effect that agitation will be started soon for modification of the Esch-Cummings act in a way that will be unfavorable for the carriers influenced the trading. Among the industrials that showed improvement were National Biscuit with a gain of 1 1/2 points in the day's trading; Corn Products 3 1/2; American Car & Foundry 4 1/2; American Radiator 2 1/2; American Locomotive 2 1/2; American Tobacco and General Electric 2 1/2; Studebaker 2 1/2; Standard Oil of New Jersey 2 1/2 points and U. S. Steel 1 1/2.

Call money remained at five percent throughout the day.

Total sales were 1,194,000 shares.

Liberty Bonds made substantial gains.

Total bond sales were \$17,369,000.

BRANER WILL CASE HEARING CONTINUES

Many Witnesses Examined at Wednesday Session of Court.

The taking of evidence continued before Judge Smith in the circuit court yesterday in the suit purposing to set aside the will of the late John H. Braner. There are a great many witnesses to be examined and the indications are that the hearing of the case will run thru several days. Numerous witnesses for the defense were on the stand today, including a number of physicians. The purpose of their testimony was to show that Mr. Braner had been competent to transact ordinary affairs of business to the time of his death.

Among witnesses who testified yesterday were G. W. Braner, George Smith, Hugh Jones, Walter White, N. A. Boston, J. C. Lukeman, Harry L. Hall, J. A. Weeks, Lee McGinnis, Charles Ogle, W. O. Wait, A. L. Adams, E. B. Hierman and F. C. Nickel.

Among those from out of town who attended the hearings were Mr. and Mrs. O. L. Hoyt of Virginia, and the following from the Grace Chapel neighborhood: Charles Braner, Newell Braner and family, Harry Ogle, Harry Barber, J. O. Kennedy and George Braner.

TO BE NO CONTEST OVER COUNTY TREASURERSHIP

Harry Norris Decides to Let Canvassing Board's Figures Stand — W. H. Weatherford Claims on Office Will Not be Disputed — Ben Andrews to be Chief Deputy.

It became known last night that there will be no election contest over the office of county treasurer between W. H. Weatherford, who was declared elected, and Harry Norris, whose total vote was but one less than that of his successful competitor.

Mr. Norris indicated last night that his relations with Mr. Weatherford had been cordial thru the years and that in the present instance he had taken into account the fact that an election contest is at best an expensive matter with great uncertainty as to the final result.

Some election contests in past years have run thru months of court procedure with heavy costs for both sides in the controversy. After considering the matter thoroughly, Mr. Norris came to an agreement with Mr. Weatherford and stated positively that he would let the result as shown by the official canvass stand without contest. Mr. Weatherford will therefore enter upon his duties as assessor and treasurer the first Monday in December.

Chief Deputy Named.

Ben C. Andrews, who has been deputy during Sheriff Weatherford's term, is to be office deputy in the assessor's office during the coming term, according to a statement made last night by Sheriff Weatherford.

The contest between Mr. Norris and Mr. Weatherford for the treasurership was the closest on record here the returns showing but one vote difference with about 13,000 ballots cast.

In such an election with a very large number of scratched ballots and with the resulting heavy work on election officials in compiling the results, it is extremely probable that various errors were made in compiling the vote. So it is not all improbable that a recount would show a larger difference between the candidates, but there is no telling in whose favor the difference would be.

No doubt Mr. Norris took the uncertainty of the case into account when he determined not to file contest proceedings.

Post Election Stories.

A day or two after the election came stories of irregularities which would no doubt have been sufficient reasons to support an application for a recount. In one precinct the polling place was changed only a few hours before election day without conformity to legal provisions. In another precinct soon after the polls closed judges and clerks left the polling place for supper while the ballot boxes and some supplies were in charge of a person who was not an election official.

These are but two instances of a number related, all indicating that the election law had not been followed out to the letter. There was at no time any suggestion of fraudulent voting in any precinct, the rumors having relation only to technical irregularities.

PALMER HUNT IS IMPROVING

LOCAL EX-SERVICE MEN WATCH BONUS TOTALS

State Officials Ready to Begin Making Payment of Adjusted Compensation if Final Facts Show Measure Approved by Voters

Many ex-service men are watching with interest the results from the canvass of votes on the bonus question in Cook county and several other counties in the north central part of the state. Without those counties the majority in the state is in favor of the bonus is about 108,000.

Based upon pre-election surveys the American Legion officials feel certain that the vote from the other counties will increase rather than diminish this majority.

According to local understanding of the law, soldiers who entered the service between the period of April 6, 1917, and Nov. 11, 1918, unless the period of service was less than 60 days, will receive 50c per day for the period of service. The period of service is figured from the time of induction into the army until the time of honorable discharge.

It is a provision of the law that no payment shall be in excess of \$300. Most ex-service men continued in the service for several months after Armistice day and in a number of instances Morgan county men were not released until late in the year 1919.

The state machinery provided by law is almost in readiness for the payment and such payments can begin as soon as definite announcement has been made that the majority vote was in favor of the bonus bill.

It is understood that Governor Small and his associates have devised a plan whereby the funds will be immediately available for payment purposes without waiting for the sale of bonds thru which the payments must eventually be financed.

The American Legion will maintain committees to cooperate with the state board in locating ex-service men and making payment. Each ex-service man will be required to make application for his share of the fund on blanks which are to be provided for that purpose.

Blanks will be in the offices of county clerks and will also be found with other officials as soon as the entire plan of application and payment has been worked out.

For lunch and short orders call at D. M. Keating's, Opera House Building. Entrance at mail box.

FUNERALS

Cole

Funeral services in memory of Mrs. Rebecca Cole were held Wednesday afternoon at 2:30 o'clock from the home of her daughter, Mrs. J. W. Bell, on Hardin avenue. The service was conducted by Rev. A. P. Howells of the First Baptist church.

The minister referred in a fitting way to the long and useful life of the deceased, mentioning the rewards that are certain for those who live earnestly and unselfishly as she had done thruout the years.

Music was supplied by Miss Cora Graham, Mrs. Mae Hitt, C. L. Mathis and W. W. Gillham.

There were many floral tributes and these were cared for by Mrs. P. Charles Caldwell, Mrs. Walter Lacey and Misses Helen and Thelma Probasco.

Interment was in Diamond Grove cemetery and the bearers were William Hembrough, Walter Lacey, Hubert Cox, Charles Caldwell, Edward D. Moss and Charles Million.

Rogers.

Funeral services for Mrs. Mary Rogers, who died at 4 o'clock Sunday at the home of her daughter, Mrs. William Kirby, southwest of Franklin, were held at the Christian church in Franklin at 10 o'clock Wednesday morning. Rev. J. W. Stokes of Olivet, Illinois, was in charge.

Death followed a brief illness brought on by the infirmities of age. Mrs. Rogers was 88 years of age, having been born August 11, 1834, in Murray county, Tennessee. Coming at an early age to Illinois, she was married to William Benjamin Rogers, whose death preceded Mrs. Rogers by several years. She was a devout and faithful member of the Christian church.

Four children survive: Mrs. Charlotte Branom, Jacksonville; Mrs. Ada O. Woods, Franklin; Mrs. Oia A. Woods, Olivet; and George W. Rogers, of Eureka Springs, Arkansas.

Fitzsimmons.

Funeral services for Miss Wanda Mae Fitzsimmons were held from Woodson Christian church at 10:30 o'clock Wednesday morning in charge of the Rev. I. H. Fuller, assisted by Dr. G. W. Miller and Rev. A. E. Powell.

Music was furnished by Mrs. R. R. Jones, Mrs. Smith, George and Chester Colton. The flowers were cared for by Misses Esther Cunningham, Mabel Henderson, Della Adams and Mary Katherine Sturdy.

Burial was in Henry cemetery the bearers being Clarence Kitcher, Harry Ezard, Donald Cunningham, Wilbur Taylor, Floyd Harnsey and William Grain.
